

Want To Make Your Giving More **POWERFUL**... And Help Us Reach Our Goal Of Taking Back Ground For The Kingdom ?

"Funding a ministry is sometimes challenging and distracting from God's purpose and calling. Please know that while we welcome any gift, the Alaska Family Council exists to take back ground for the Kingdom. It is the recurring monthly stewardship that builds strength and longevity into this ministry and provides more blessing for your giving dollar through efficiency, reliability, effective planning and use of resources. May the Lord honor his promise to bless you for your faithfulness. "

Jim Minnery - President

A note from our monthly electronic stewardship vendor - E-Giving.

Invitation to make a **BIGGER** difference...

...in the protection and growth of Alaska Family Council. In the last thirty years electronic funds transfer has become as common as writing a check. Lately it is showing great potential in **strengthening** ministry growth as a tool of faithfulness. Monthly electronic giving is a stewardship with **impact**. It immediately saves the ministry processing costs. As electronic partnerships grow, the ministry can **plan** better, **expand** funding, **endure** trials, **reduce** fundraising and **focus** on their purposes.

As a friend of this ministry, we invite you to join them at their request as an electronic partner and help reach others to do the same.

Egiving Systems, a ministry founded to strengthen Kingdom funding in 2002, utilizes CheckFree, America's largest and most secure processor. Together, with His help, we will make a difference.
